

Tail Light Instructions for part numbers

204-009, 204-010, 204-011, 204-012

(Old part # 200-42P, 200-45P)

How to wire your taillights

- **Make sure vehicle is turned off**
- **Red wire is for stop light and turn signals**
- **White wire is for ground**
- **Black wire is for parking and running lights**
- **The small black and white wire with a plug is not used**
